

Quick Reference Guide – Login

Signing in for the first time

You will need a Customer ID, a User ID and a Temporary Password to log into the application. Your Customer ID and User ID are delivered to you directly by an administrator. You may receive your temporary password via a system generated mail to your email address on file or directly from your company administrator, depending on your financial institution's settings.

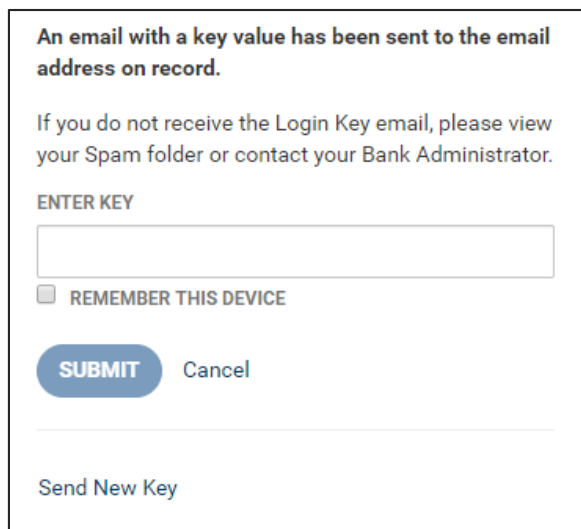

On the login screen enter required information accordingly:

A login form with three input fields and a button. The first field is labeled 'CUSTOMER ID', the second 'USER ID', and the third 'PASSWORD'. Below the fields is a blue button labeled 'Sign In'.

For enhanced security, you will next be asked to retrieve a Login Key sent to your email address on file. If this is not a public or shared device, you can select REMEMBER THIS DEVICE option for future login to bypass the Login Key challenge.

There is also the option to request a New Key to be sent if necessary.

A form for entering a Login Key. It includes a message: 'An email with a key value has been sent to the email address on record.' Below this is a note: 'If you do not receive the Login Key email, please view your Spam folder or contact your Bank Administrator.' There is an input field labeled 'ENTER KEY'. Below the field is a checkbox labeled 'REMEMBER THIS DEVICE'. At the bottom left is a blue button labeled 'SUBMIT' and a text link 'Cancel'. At the bottom right is a text link 'Send New Key'.

Set up your Security Profile information:

① Security Questions (for a forgotten password)

The screenshot shows the 'Security Questions' setup screen. At the top, there are three tabs: 'Security Questions' (selected), 'Security Contacts', and 'New Password'. Below the tabs, the heading 'Security Questions' is followed by a paragraph: 'Please complete all security questions and answers to continue. These questions will be used to validate your identity and provide an extra layer of protection.' Underneath, there is a section for 'Answer Criteria' with three bullet points: 'All answers must be unique', 'Answers are not case-sensitive and must be unique', and 'Special characters are allowed !@#%*&*.()~?;,-=+/'. A checkbox labeled 'Mask Answers' is present and unchecked. The form contains three identical question blocks. Each block has a dropdown menu labeled 'SECURITY QUESTION 1', 'SECURITY QUESTION 2', and 'SECURITY QUESTION 3' respectively, with 'Select' as the current selection. Below each dropdown is a text input field labeled 'ANSWER'. At the bottom left, there is a blue 'NEXT' button and a 'Cancel' link.

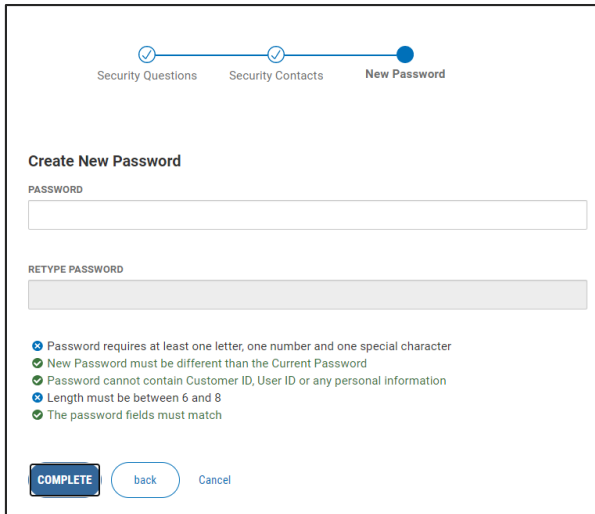

② Security Contact Information for one time passcode delivery, if required by your financial institution.

In addition to the contact delivery method of email, you can set up additional methods – text message and voice. You can indicate which is the preferred default method.

The screenshot shows the 'Security Contact Information' setup screen. At the top, there are three tabs: 'Security Questions', 'Security Contacts' (selected), and 'New Password'. Below the tabs, the heading 'Security Contact Information' is followed by a paragraph: 'The default contact details below will be our delivery point to verify your identity or send you important information regarding your account security.' Underneath, there is a section for 'Contact Detail' with a white box containing an email icon, the text 'Email', 'Email Address', 'janice.cheung@bottomline.com', and 'Default'. Below this box, there are two warning messages: 'For extended security, we recommend using a phone number for SMS Delivery.' and 'For extended security, we recommend using a phone number for Voice Delivery.' Each warning message is followed by a blue link: 'Add Mobile Number' and 'Add Voice Number'. At the bottom left, there is a blue 'NEXT' button, a 'BACK' button, and a 'Cancel' link.
